

FINANCIAL QUESTIONNAIRE 2018/19

Deadline for application

Completed applications for fee assistance for the 2018/19 school year, together with all supporting evidence by **23th March 2018**

Please note that we will charge £80 to process late or incomplete applications.

The principle of last resort

We offer fee assistance on the principle that it is the last resort for funding of school fees. Applicants must consider all other possible sources of funding before turning to the school.

Priority expectations

It is expected that, after housing, utility and food and clothing costs, the cost of school fees is given priority in your family budget. We expect that they are prioritised over cost of holidays, out of school activities and purchase of other items.

Fee assistance budget

We have a limited budget for fee assistance. Priority for assistance will be given to staff then current recipients of fee assistance, then to other families already in the school, then to new applicants. **However, applications received after our stated deadlines will lose any priority status.**

State benefits

It is a requirement of our fee assistance programme that you must apply for all state benefits to which you are entitled before seeking fee assistance. If you are unable to provide complete evidence of the state benefits you receive, the school will use its own calculation of your entitlement in place of your figures.

Fee assistance at St Paul Steiner School is subject to the following conditions:

- Payment of fees is by ten equal monthly direct debits with the first payment being in our account by 1st September
- All prior debts to the school are either repaid or subject to an agreed repayment plan.

Please supply **photocopies** of any documents you provide.
Originals will not be returned and we cannot copy originals on your behalf.
